

## Maine Cancer Foundation's **Tri for a Cure**<sup>®</sup>

Everyone is touched by cancer. Some of us in the Tri for a Cure are cancer **survivors**, but all of us have known someone who has battled, and sometimes been lost to, this terrible disease. Each person makes the choice to join the Tri for a Cure for a different reason, but **together**, we are strong.

When you make a donation to support a Triathlete, you are supporting her courage and her fight. But you are also helping Maine Cancer Foundation to invest over \$12 million in our communities for cancer prevention, early detection, and access to care. Cancer tries, but together, **we TRI harder!**
