

Since 2008, Tri for a Cure has raised more than **\$20M** to support Maine Cancer Foundation's mission to reduce cancer incidence and mortality rates in Maine. Every dollar stays in Maine to support the most promising and effective cancer-fighting programs available to the people of Maine.

OUR CHALLENGE

1 in 3 Mainers will be diagnosed with cancer in their lifetime.

GRANTMAKING GOALS

Prevention

Support statewide prevention efforts, focusing on smoking, healthy lifestyles, and preventable care.

Early Detection

Support programs that improve and increase early detection and screening efforts.

Access to Care

Support efforts to eliminate barriers to cancer care, such as lodging, transportation, and education.
